I'm packing my suitcase, and I drove off.

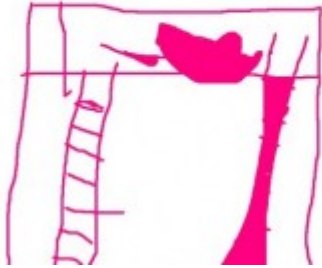

When I got to the bach I helped make the beds.

I made my own first. It was a princess one. Then I helped make my brother's bed next. It's a Wiggle's one.

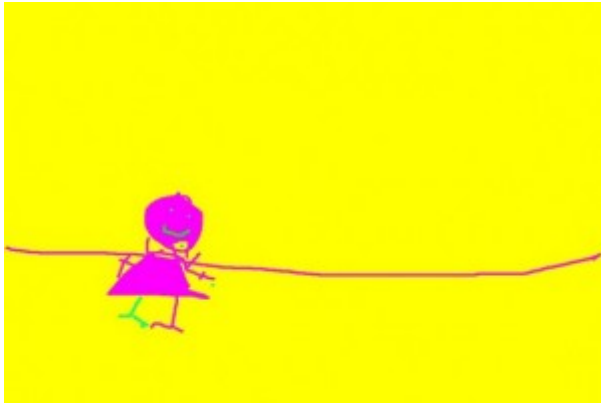

When my sister came I helped make her bed. It was a pretty one.

When it was pudding time I got three bowls of pudding. Then I brushed my teeth. I went to bed.

When I got up, I got into my togs and went to the beach. I had a little swim and I went for a walk and I climbed the rocks and I got frightened by a seal by a cliff.

Dad helped me across to the other side and I walked to the other side of the rocks.
